

SPONSORSHIP OPPORTUNITIES

We would love to work with you! Culture has a strong social impact on the life of people in Saskatchewan. Partnerships between business and cultural organizations support our community and enhance the development of culture. Your sponsorship of SGC will provide meaningful cultural experiences for all people of Saskatchewan. Your sponsorship will give you access to new audiences and recognize the importance of diversity.

The Saskatchewan German Council (SGC) is part of a vibrant multicultural society which expands horizons! We support our membership and build a strong cultural community by providing relevant and meaningful programs, projects, outreach & services to members and the public.

In our role as a provincial umbrella organization to over 30 member groups, we support and promote the German/Austrian/Swiss culture, traditions, history, art, language, music, and dance, making culture accessible to the people of Saskatchewan.

Partner with us and become a sponsor of SGC. You can support our general programming, or you can sponsor specific initiatives like the SaskScapes featured podcast series “German Culture Alive”, the Special Volunteer Awards or the Public Lecture Series.

We would love to work with you to build this special partnership between business & culture - contact us today! We firmly believe we can provide good value for your advertising and promotional budget.
