Project Description (attach extra sheet if needed):						
<p>In the Austrian culture, Easter and the celebration of spring has great significance. Our group would like to bring this authentic Easter celebration to our community, in partnership with the Egypt Dance Group.</p> <p>In both cultures, Easter is marked with many traditions. In our Austrian culture, we paint Easter eggs, Egyptians celebrate Sham el Nessim by decorating and writing wishes on hard boiled eggs.</p> <p>This celebration invites the dancers and their families for an afternoon of dance performances, spring crafts, traditional desserts, and culture sharing. The event encourages cross-cultural learning which fosters the acceptance of others. Children will be engaged in meaningful activities and the families can enjoy an afternoon of traditions and fun while showcasing each culture. This partnership event builds community, it also shares expertise and financial contributions. Collaborations increase audiences and promotion for a successful event.</p>
